Education

Purdue University - West Lafayette, IN

Aug 2018 - May 2022

Current Cumulative GPA: 3.36

Bachelor of Computer Science, College of Science

Major Skills

Languages

● C language	●●●●●		●●●●●	Korean	●
● Swift	●●●●○		●●●●○	Chinese	●
● Java	●●●●○		●●●○○	English	●

Projects

- **Event Scan (IOS)** [Current Status: Prototype]
 - Use the Captured Image and OCR library to Scan information, and create event on calendar base on it.
 - Link: <https://github.com/eventscan/eventscan>
- **Kid's Timer (Android)** [Epics Project – Community Service]
 - Visually describe the running time, for children who cannot understand the mathematical symbols.
 - Co-Leader and only programmer in the team.
 - Developed through IOS platform due to the project partner's confusion about the owned device, then transferred to the android platform.
 - Link: <https://play.google.com/store/apps/details?id=cds.epics.kidstimerproject>
- **Unit Converter (Android)** [Total Installation: 23]
 - It is a unit converter supporting length, area, volume, mass, angle, temp, time, speed, force, and density.
 - Link: <https://play.google.com/store/apps/details?id=com.developer.iseungheon.unitconverter>
- **More Projects:**
 - Git Hub: <https://github.com/lee3072/Projects>

Events

- **Hello World - 24 Hour Freshman Only Hackathon**
 - Link: https://devpost.com/software/class_manager
- **Boiler Make VI - Purdue Hackathon**
 - Link: <https://devpost.com/software/projects-2e8buc>

Clubs
